

Mortgage Builder has been providing industry-leading loan origination software (LOS) to mortgage banks, community banks, credit unions and financial institutions for over 15 years. Mortgage Builder combines best practices with a broad partner network and an end-to-end software platform to ensure that you close more loans at less cost while keeping you in compliance with industry regulations. Our experts are your trusted partners who are committed to helping you advance your business and adapt to an ever-changing market.

Mortgage Builder is a business unit of Altisource, a \$1B global mortgage and real estate services company. Altisource backs Mortgage Builder with a wide range of resources and a network of origination services. Together, we have a deep commitment to mortgage technology and provide customers and partners with broad solution options.

An LOS Partner for Today and Tomorrow

Mortgage Builder delivers complete mortgage solutions that make you successful today. As your partner in the mortgage business, we will help your organization continue to make the most of what the industry has to offer.

► Mortgage Builder grows with your business.

Whether you increase in size, diversify, or change internal processes, our solutions adapt and scale to meet your changing needs. Our Loan Origination Software (LOS) supports multiple channels in multiple states simultaneously with workflows that can be easily reconfigured.

► Mortgage Builder is a team of mortgage experts

Our team includes renowned experts in mortgage regulations as well as specialists in all aspects of loan origination. We worry about compliance issues and maximizing your processing efficiency so you can be free to focus on closing loans.

► Mortgage Builder delivers end-to-end solutions

Mortgage Builder solutions cover the complete loan origination process, from borrower self-service to pricing to closing. Between our software platform and over 100 partner integrations, your team can enjoy the cost savings and efficiency of only having to work with one system.

"We had our first settlement on Mortgage Builder. What a difference good software makes! My closer is very happy, which makes me even happier."

Wendy Valentine
Orrstown Bank

"Mortgage Builder continues to surpass expectations when it comes to providing solutions to our LOS needs."

Mortgage Builder LOS Solutions – More Than Just Software

The heart of a Mortgage Builder solution is our Loan Origination Software (LOS) — a family of components which covers the entire loan origination life cycle with built-in compliance checks, paperless processing, and sophisticated reporting. These important features are only the beginning of the value we provide. Mortgage Builder also takes the time to understand your business and make sure you get the most out of our technology so you can close more loans for less. Every Mortgage Builder customer benefits from:

- ▶ Discovery – Understanding and analyzing your processes and individual needs
- ▶ Best practices – Recommendations on how to improve your business operations
- ▶ Implementation – We configure the LOS to maximize your efficiency
- ▶ Compliance expertise – A deep bench of specialists to guide you through regulations
- ▶ Training – Comprehensive training for each user
- ▶ Tune-ups – Assessments to increase operational efficiency
- ▶ Subscriptions – Expertise, influence and support to ensure your continued success

Mortgage Builder Subscriptions

Every Mortgage Builder implementation is backed by a subscription, which gives customers access to industry expertise, influence over the roadmap, and unparalleled support. Your on-going partnership with Mortgage Builder is delivered through a subscription which includes the following:

- ▶ Service center – Enterprise-class support
- ▶ Customer portal – Self-service support, knowledge base, and on-demand resources
- ▶ Workshops – Frequent interactive sessions with industry and compliance experts
- ▶ Forums – Access to your mortgage community
- ▶ User conference – An established, annual event
- ▶ Hosting – State-of-the-art servers with back-up and disaster recovery
- ▶ Updates – Regular software upgrades to keep you updated with the latest technology

Mortgage Builder Pricing

Mortgage Builder pricing, which is designed to be transparent and which rewards the success of your enterprise, has no hidden costs, user fees or surprise invoices, enabling you to budget your business with precision. Mortgage Builder also builds automatic volume discounts into every contract so your success earns a lower cost per loan without having to renegotiate.
