

MORTGAGE BUILDER® SOLUTIONS

Compliance. Efficiency. Agility.

AN ALTISOURCE® BUSINESS UNIT

Mortgage Builder delivers innovative mortgage origination software solutions that adapt to your unique operations. Mortgage Builder combines best practices, a broad partner network, and an end-to-end Loan Origination Software (LOS) platform to ensure that you close more loans for less while complying with industry regulations. Our team of experts are your trusted partner, helping you to advance your business and adapt to a constantly changing market.

Mortgage Builder is a business unit of Altisource, a \$1 billion global mortgage and real estate services company. Altisource backs Mortgage Builder with a wide range of resources and a network of origination services.

An LOS Partner for Today and Tomorrow

Mortgage Builder delivers solutions that make you successful today. As your partner in the mortgage business, we will help your organization continue to make the most of what the industry has to offer.

► Mortgage Builder grows with your business

Whether you increase in size, diversify, or change internal processes, our solutions adapt and scale to meet your changing needs. Our Loan Origination Software (LOS) supports multiple channels in multiple states simultaneously with workflows that can be easily reconfigured.

► Mortgage Builder is a team of mortgage experts

Our team includes renowned experts in mortgage regulations as well as specialists in all aspects of loan origination. We worry about compliance issues and maximizing your processing efficiency so you can be free to focus on closing loans.

► Mortgage Builder delivers end-to-end solutions

Mortgage Builder solutions cover the complete loan origination process, from borrower self-service to pricing to closing. Between our software platform and over 100 partner integrations, your team can enjoy the cost savings and efficiency of only having to work with one system.

“We had our first settlement on Mortgage Builder. What a difference good software makes! My closer is very happy, which makes me even happier.”

Close more loans for less, while staying compliant

The Mortgage Builder LOS increases the efficiency of originating loans while giving you the tools you need to ensure compliance throughout the loan lifecycle.

Loan officers, operations managers and compliance officers all benefit from a software platform that services borrowers directly, can be used any time and any place, has embedded documents, and provides insightful analytics. This results in faster closings, higher quality of loans, and reduced costs of meeting regulatory guidelines.

Compliance Officer

- Reduced risk of errors through automated checks, auditing and reporting
- Reduced costs of compliance through analytics
- Higher Loan quality

Loan Officers

- Easy to use and learn with directed workflow
- Anytime, anywhere, any device
- Compliance safeguard without extra effort or training

Operations Manager

- Faster closings driven by immediate data access and robust auditing
- Reduced risk for investor buy-back
- Easier to administer

With Mortgage Builder, you not only get an end-to-end software platform that originates and processes loans faster and at less cost, but you gain a partner in the mortgage industry that can help you navigate through regulatory changes, increase your efficiency and apply best industry practices.
